MANUAL

ANIMAL HUSBANDRY, LIVESTOCK, FISHERIES & VETERINARY SERVICES MAINTAINED UNDER SECTION 4(1)(b)(i) OF RIGHT TO INFORMATION (RTI) ACT, 2005.

1. Introduction, Particulars, Functions, Approach, Thrust Areas, Main Objectives.

MISSION: *Rural prosperity through sustainable livestock development.*

FUNCTION:

Animal Husbandry sector is the major source of the supplementary income for the rural households. Livestock production had always been an integral part of the rural livelihood in Sikkim. The livestock wealth of Sikkim still constitutes a natural resource base with immense livelihood implications.

The Department is responsible for all aspects of growth and development of livestock sector in the State. The Department advises and guides the rural masses to maintain different types of poultry and livestock starting from types of breed to be selected, maintenance and health care aspects Sikkim's Agriculture economy depends upon symbiosis of crop and livestock production. However, in view of the limited cultivable land holdings and decline in soil fertility, livestock production in the ultimate answer to provide sustainable economic upliftment of the rural masses. Keeping these factors in view, the main objective of the Department of Animal Husbandry Livestock Fisheries and Veterinary Services is to make farmers prosperous through increase the production of milk, meat, eggs, wool, fish and other livestock products in a sustainable manner.

Livestock provide milk, eggs and meat to a substantial numbers of human populations to meet their animal protein requirement. The consumption of protein by Indian in world population shows that animal protein requirement is growing at a faster rate than other sources of protein due to increase in income. The present availability of animal protein in an Indian diet is only 10 gm as compared to the world average of 25g.

APPROACH:

The livestock sector plays an important role in the National Economy. The Cattle, Piggery and Poultry are considered important tools for the development of rural economy and it contributes towards socio-economic upliftment of millions to rural and urban masses.

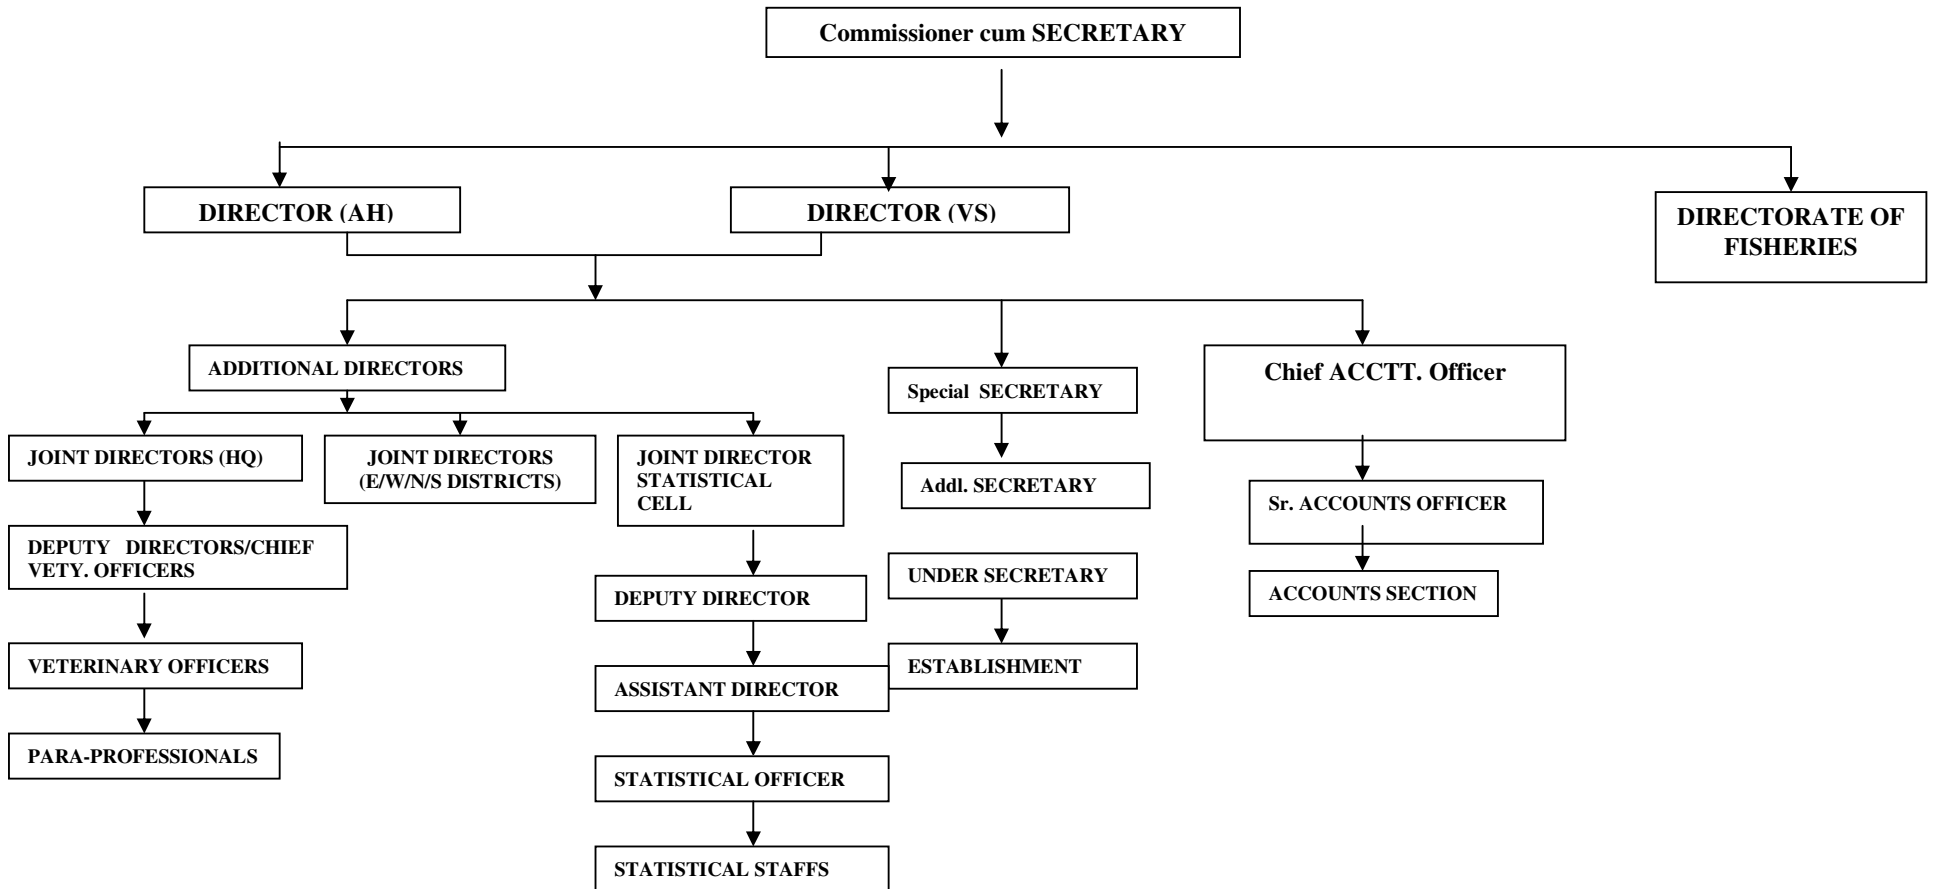

The Department of Animal Husbandry and Veterinary Services through the application of scientific and technological practices has been engaged in the rapid development of livestock, fish and poultry industry for increasing the production of major livestock products such as milk, egg, meat and wool. With the focus on animal health care facilities, prevention and control of disease improving quality of livestock, improving efficiency in production by improving governance democratic decentralization and involvement of private sector in A.H. related activities.

The approach and strategies of the Government policy are focused on improving the production and productivity of all livestock and poultry to enhance the overall availability of milk, egg, meat, wool, draught, power and various other by-products ensuring better pricing through organized marketing, strengthening farmers organization and application of advanced scientific breeding, feeding and management practices through mass Extension & Training Programme.

THRUST AREA:

The focus is on the following thrust areas:

- i) In the field of cattle development, efforts are concentrated on livestock production, through artificial insemination using frozen semen and natural services for production and procurement of high quality cross-bred breeding cows & bulls.
- ii) In the field of poultry development, emphasis is laid on the development of high laying layers and fast growing broilers and promotion of private entrepreneurship by providing requisite inputs to the producers including credit, training, processing and marketing facilities ensuring remunerative prices to the producers.
- iii) In the field of piggery development efforts are concentrated to introduce fast growing breeds of pigs acceptable to the general rural masses.
- iv) Livestock feeding practices in the State are primarily based on crop residues and natural herbage. Due attention was therefore paid on enhancement of feed and fodder production, pasture development, conservation and preservation of fodder through their conversion into silage and hay.
- v) Special emphasis is laid to provide better health care to the livestock by increasing diagnostic services and development of bio-technical tools. Strategies with intensified surveillance are continued to prevent the entry of infectious and contagious diseases like avian influenza in the State.

- vi) Due emphasis was laid on integration of the resources and energies of the various agencies engaged in the development of dairy sector by better-coordinated efforts. Priority was assigned to manpower development and skill development of stake holders which is an essential input for the rapid development of the Sector.
- vii) Stress was laid on computerization for effective monitoring and evaluation of programmes and assessing their impact.

MAIN OBJECTIVES:

Major objectives and strategies followed for livestock development in the State.

- i) Expand and strengthen infrastructure for artificial insemination, which improve its efficiency and effectiveness using frozen semen technology for crossbreeding purposes.
- ii) Create a seed stock of qualitatively superior bulls, which would form the nucleus germplasm pool to build milch herd of high production cattle.
- iii) Bring about genetic improvement of important livestock breeds through selective breeding and crossbreeding of low production non-descript stock, both for milk and for draught purposes. Steps are taken to conserve important indigenous breeds of the State i.e. Siri.
- iv) Establish linkage between rural milk producers and urban consumers by replicating the “Anand Pattern” dairy cooperatives in the State and lessen the adverse impact of seasonal imbalances in milk production and marketing.
- v) Improve the productivity of pasture lands by introducing improved fodder seeds and increased use of wastelands for fodder production.
- vi) Optimize the use of crop residue through provision of appropriate supplements and conservation of green fodder.
- vii) Promote stall-feeding in order to reduce overgrazing and degradation of village grazing lands.

- viii) Develop adequate animal health services for protection of livestock, with special emphasis on eradication of most prevalent diseases in the State.
- ix) Explore the marketing avenues for sale of livestock products like wool, meat, eggs and day old chicks, cheese and utilize by-products of slaughter waste as well as to find export-oriented programmes of the State livestock products.
- x) The Extension and Training wing of the Department organize various Training Programme to Stake holders at different level with the view in interacting with the farmers/ stake holders & expose them to the latest scientific advancement in the field of raising livestock & poultry, thereby improving their income & their standard of living.
